CAND' ING EGGS DECIDED SUCCESS

EVERYONE IS CO-OPERATING TO . PUT NEW SYSTEM INTO EFFECT.

"Yes, country buyers are co-operating with us, and our losses on eggs this week will be much less than they were the first week that we entered upon the strictly candled system of buying," said William Barker of the William B. Foster Produce company today. "Most everyone is reasonable about the matter and it will be only a little while before all will accept the new plan as the only business-like one. It will bring more money to the farmers, make safer profits for the peddlers and small merchants and be helpful in every way. And then it is a compliance with the laws of the state and nation."

AUTO CLUB WOULD STOP SPEED MANIA

Has Been Splendid Factor In Nashville in Aiding in the Execution of The Laws Against Reckless Driving -Render Valuable Assistance.

Sheriff Griffin is urging the automobile owners of Maury county to organize a club in order that they may cooperate with him and with the other officers of the law in the enforcement of the statute which fixes a speed limit. The sheriff is confident that through such an organization he could receive much assistance in the enforcement of the laws.

The sheriff recently had a conference with the sheriff of Davidson county and the latter told him that the Nashville Auto Colub was the most valuable aid that he had in contending with the speed crazed autoists, who are numerous in Maury county as well as in the capitol county of the state. This organization seeks to create a sentimnet among all the owners of automobiles against law-breaking. Its members are pledged to observe the limit of twenty miles in the country and the speed limits imposed in the cities and towns.

"The better class of autoists understand that the reckless driving and utter disregard for life and property shown by many automobile owners brings disrepute and reproach upon all, and for that reason they are glad to help the officials to enforce the law," said the sheriff. "They will report flagrant violations of the law to that we can have such an organization in Maury county, where the need for renewed effort to curb speed maniacs

Was Severely Hurt.

Assaulting Guard Ulner Newcomb with a pick, knocking him in the head, and leaving him senseless, two negro prisoners of the work house, William Gilliam and Arthur Jackson, this morning made their escape from that institution. Sheriff Griffin was at once notified and he put Deputies Hardison and Church at work on the case and got into communication with officers at Lewisburg, Franklin and in other adjoining counties. Every effort will be made to apprehend the convicts, who

Wholly unsuspecting any trouble, Guard Newcomb was caught altogether unawares and was felled by the blow. He was unconscious for some time. As soon as they knocked down the guard the two prisoners grabbed his gun and made away. They left in son a brown hat.

Both of the escaped prisoners are regarded as rather bad characters. Gilliam was sent up from Mt. Pleasant for exceeding the speed limit, having been the negro who ran over and injured the little Orr child at that place. The Jackson negro was serving a sentence for petty larceny.

Young Newcomb ,the guard who was assaulted, while painfully hurt is not dangerously injured and will, it is believed, soon recover from the blow that was inflicted upon him. He is about twenty-five years old and is unmarried. He lives at Theta and had been employed as a guard only a short time, but was making a most efficient officer.
